BULLS

All passing 2 Semen Evaluations!

Friday, 9th September 2022 11.30am

Karmoo Brahmans - WF4

It's that time of the year again to extend a warm welcome to the 3rd annual 'On-Property' *Karmoo Brahmans* Bull Sale.

We strive to make it an enjoyable day, have the bulls very accessible for inspection at sale time and look forward to chatting with everyone.
There will be a complimentary lunch and drink available after the conclusion of the sale and all are invited to stay on.

Once again, this year we are very honoured to present a selection of both stud and herd bulls that have all passed our sale standards, which includes 2 semen evaluations, with flying colours.
This year's team are a very even line of structurally correct, ready to go bulls that have been prepared and presented with our minimal sale preparation rule.
Having all been naturally reared, weaned and grown out on grass with no supplementary assistance prior to sale prep, they will transition straight into their working pants when dropped into your paddock.
Feel free to commence inspection of the bulls from 9am sale day or at any time prior.

Whether you're chasing red or grey, and with just under half the draft being polled, we look forward to discussing any bull requirements with you.
Our emphasis is on delivering what the client wants and making sure they receive the best service and highest level of satisfaction from their new purchase.

A big welcome to everyone that is able to make it to this year's 9th September sale day.
Looking forward to your involvement in our day, thank you for the support and finding the time to attend.

Here's to an engaging day,

Lance, Sonia and Kirstin Faint.

Sale Information

Inspections
Welcomed on sale day or prior to the sale by contacting Lance or Kirstin Faint by phone **(07) 4985 3556**

Delivery
Delivery will be given as soon as possible after the completion of the sale.

Buyer's Instruction Slip
Must be completed by all successful purchasers and registered with the selling agent prior to delivery.

Transfers
All registered lots can be transferred to the respective purchaser free of charge on request.

Health
All bulls have been vaccinated with 7 in 1, Botulism, Tick Fever and 3 Day. All bulls have been tested negative for Pompes and Pesti Virus. JBAS score of 6.

Breeding Soundness
All bulls will be Semen Morphology tested twice and examined for reproductive and structural soundness.

Insurance
There will be a representative of Elders Insurance at the sale. We encourage buyers to insure their purchases.

Karmoo
Brahmans

Fertility Guarantee

We guarantee all bulls to be structurally sound, fertile and capable of natural service. Bulls are guaranteed for up to two years from the date of sale. However if a bull becomes infertile or breaks down within this time frame we will:

* Replace the bull with an agreed substitute if available, or
* Issue a credit equal to the purchase price less salvage value.

This credit may be used for any future purchase at Karmoo. This guarantee covers the purchase of the bull, without interest, cost or damages. The guarantee shall only apply providing the bull's incapacity is not caused through injury/ misadventure or disease contracted after leaving Karmoo. And is calculated on the basis that the bull's value is decreased by half the purchase price each year from date of sale. Any claim must be accompanied by a written veterinary report.

All bulls have passed 2 Semen Evaluations!

Outside Agents Rebate

A 5% rebate will be offered to outside agents who:
1. Introduce their clients more than 24 hours before the sale (to vendors or selling agents).
2. Attend the sale with them (or purchase on their behalf) and settle within 7 days.
3. Agents may ONLY introduce clients under the specific instruction of their clients.
4. Sale day buyers registration forms must be consistent with instructions.

Transport Assistance

Karmoo Brahmans is offering **FREE TRANSPORT**, within 200km of Clermont, for any bull purchased at the sale when carrying is done by Karmoo or its authorised carrier.
In addition, a free delivery service to major centres in QLD, is being offered on a purchase of 3 or more bulls.
Buyer's instruction slip must indicate the intention to undertake the free transport offer.
Purchasers should note that the bulls are at the purchasers risk at the fall of the hammer and all transport offered by Karmoo is at the purchasers risk.

Catering
Morning tea and a BBQ lunch will be provided on the day.

Accommodation

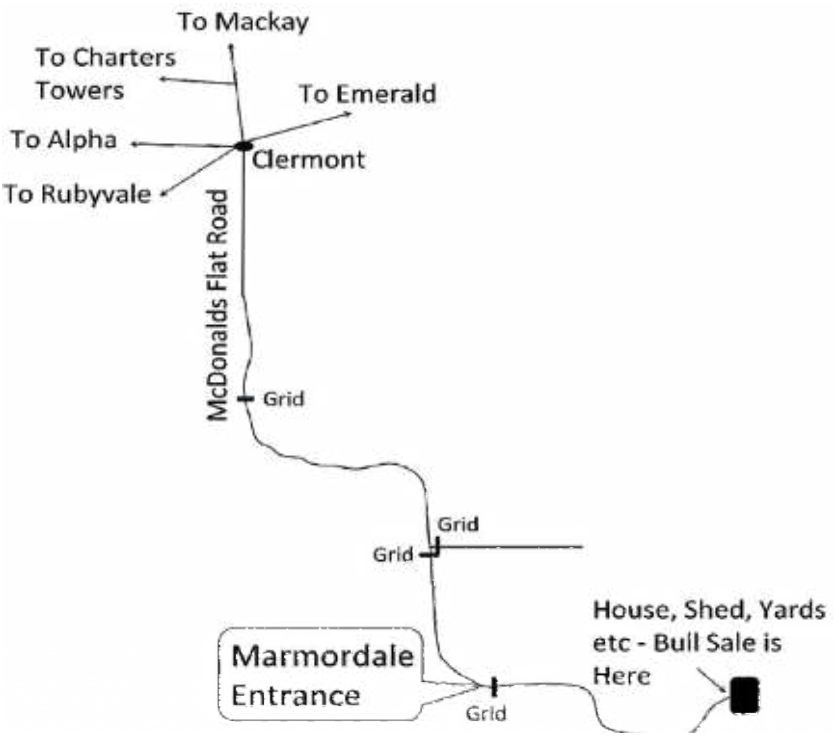
Directions

Marmordale is approximately 12kms out of Clermont on the McDonalds Flat Road.



ABOUT KARMOO BRAHMANS

Karmoo Brahmans is run by the Faint family and can be found in the Clermont, QLD area spread across the following 4 properties, all owned by the Faint's. 'Karmoo' which has been in the family for 100 years, 'Eastern River' acquired during the 1930's, 'Marmordale' bought in 1993 and the most recent, 'Lilyvale' purchased in early 2021.

We run both a purebred Brahman stud and commercial herd of around 1500 cows and have been in the game of breeding Brahman cattle for over 40 years within our operation. We feel this gives us a balanced and realistic commercial approach that is lacking in many stud operations. Our stud believes in watching breed trends that transpire but doesn't always "Follow the Crowd". Instead breeding a consistent, reliable, fertile female line that performs under any circumstances mother nature can throw at us is more important and has helped us survive through many trying times.

As breeders of commercial Brahman cattle, governed by the genetics of our bull breeding operation, we are well aware of the profit drivers in the beef industry. From this we realise that a functional breeding herd maintaining high survival and calving rates is the main ingredient for profitability in a cattle enterprise. The goal of our selection criteria revolves around making dollars within the commercial herd.

The core of the matter

Breeder performance and environmental adaptation is only achievable with highly functional cows, that are able to maintain body condition to survive while lactating, cycling and falling pregnant, in our too often challenging environment.
In our stud females, we believe that selection pressure must be harsh to achieve this level of functionality in our cows and anything that doesn't meet the standard is culled. Therefore allowing us to offer bulls to clients which are a product of these highly functional females and that will provide a genetic gain at their new homes.

Over-preparing our bulls is not in our DNA, and we regularly face discrimination in the market place because of it. Too much time and effort is put into breeding our cattle to wreck them by overfeeding. Our bulls are bred, raised and managed while continuing to enhance 3 key factors kept in mind.
Their ability to:

* Adapt *Live * Work

in a variety of environments for a long as possible. Having had very few call backs regarding bulls with faults - We 100% guarantee our sale bulls. A large portion of them have sold to repeat buyers of which we are grateful for and say a huge thank you too.

We are very proud of our cattle and feel very honoured to offer a selection of them to you every year during the selling season. Whether your chasing red, grey, horned or poll, we look forward to discussing any bull requirements with you. Our emphasis is on delivering what the client wants and making sure they receive the best service and highest level of satisfaction from their new purchase.

A gain without grain

We strive to have no feet trimming amongst our auction bulls and minimal sale preparation on a high energy, soft mill mix based feed so as not to compromise their present or future health.
This may mean that the bulls are not as visually impressive (lighter weights, and lower scans) to the eye, as what you may see at most other sales, however a massive plus to this is they don't need to be pampered when you get them home.
They are bred for breeding and getting the job done, not for looking prime on sale day.

We ask our clients to lower your sale day assumptions but increase your long-term expectations of what the Karmoo Brahman Bulls can bring to your herd.
We guarantee our bulls and if they don't perform to your standards, please let us know so the problem can be fixed.
Both positive and negative feedback is always welcome as this feedback helps us refine our breeding program.

Annual on property sale

We focus on providing our clients with fertile, productive bulls and therefore require them all to pass 2 semen evaluations and a structural soundness evaluation before they make sale day.

We like to go above the norm and offer FREE TRANSPORT, for any bull purchased at our sale when carrying is done by Karmoo or our authorised carrier. In addition, we also offer free delivery to major centres in QLD, on the purchase of 3 or more bulls.

Prior sale inspections will begin from the first week of August. However, if you can't make it prior, photos and videos of the bulls will be available to look at throughout August. Weights, weight gains, fertility and scan results will be available prior to sale date and if you require any further information, we are always happy to provide as best we can.

Please feel free to come and view the bulls at any time prior to the sale or give us a call to discuss your needs. So again, a warm welcome to everyone who is able to attend our September sale day. We sincerely thank you, look forward to your involvement in our day and ask that you stick around after the conclusion of the sale for the free grub and a yarn.

Over the Past Year

September 2021

2021 2nd Annual 'On-Property' sale.

Thanks to all who helped make it a sucess!

October 2021

New Sires all purchases at RBWS

Garglen Nitro

Elanora Park Comanche

Orana Moto

Wandarri 6404

October 2021 'Cont'

Bushfire fighting on 'Eastern River'

December 2021

Installing a new workers quarters on 'Karmoo'

January/February 2022

Dam building on 'Karmoo'

April 2022

A spot more renovations on 'Karmoo' and finally some glorious rain in the new dam.

June 2022

Thanks to all who came and had a chat with us at the Northern Beef Expo Charters Towers & Emerald Aggrow

July 2022

GENER8 REPRODUCTION

SEMEN TESTING, FREEZING AND STORAGE
AI AND IVF SUPPLIES AND SERVICES

FOR ALL YOUR REPRODUCTION NEEDS!

Ph: 0467 932 509 E: info@gener8repro.com

CHARTERS TOWERS

Gener8 Reproduction

Gener8 Reproduction's services include, semen collection, freezing and storage, sperm morphology assessment, processing custom collections from various veterinarians across the north and on-farm semen testing.

The business also has a fixed-time artificial insemination service and IVF embryo production, recipient programs, and stocks a range of products associated with artificial breeding including AI kits, semen tanks and liquid nitrogen.

We are continuing to re-invest in our facility and equipment as we strive to provide our clients with the most up to date technology available and look to expand our services more in the future.

A great example of this is our new mobile lab - Gener8 has the ability to collect and freeze semen on-site, leaving semen in our clients' tank when we leave or for those who may not own a tank, we can take semen back to our facility for storage in our tanks.

Using our ANDROVISION program is where our results will differ from your standard veterinarian report. ANDROVISION is a semen analysis program that is the gold standard of assessment equipment, and it gives the most accurate motility possible as it takes all guess work and biases out of the assessments processes.
The program is run through a laptop and connected to our microscope, we then view your bull's sample right there on the screen and with the push of a button the motility percentage is calculated. No fuss, no guess work, no bias.

After acquiring a motility, we move onto accessing morphology in the lab. We use the latest in microscopy from Olympus, the Bx53, which allows us to produce the most comprehensive evaluation of samples possible. Like motility, morphology will be reported as a percentage. A brief report may only have a percent normal figure while a full report will have a minimum total of 8 main categories and at times even more subcategories. These results can be quite overwhelming to look at without some insight. We're only a phone call away to help simplify it.

*MOTILITY score: Measures the percentage and rate of forward movement of sperm in the sample.
*MORPHOLOGY score: Measures the percentage of normal and abnormal sperm shape in the sample.
Bulls producing sperm that do not move will have significantly reduced fertility, and abnormal shape of spermatozoa is the most common reason for reduced motility.

Up-coming Sires for Karmoo

Elmo Renegade

Purchased at RBWS 2019 for $15,000. Renegade's ample amounts of loose skin, depth of body and sirey head complimented our red herd very well. His first son's will be on offer at next years sale.

Viva Vallis

Vallis was purchased from the 2020 RBWS for $52,500 and is one of the first V8 660 sons offered in Australia. He has a broad head and strong, sirey outlook. Vallis has a deep body with a strong backline. He has a tidy underline and excellent testicular development. He stands on good bone and is structurally correct. First calves hit the ground early this year.

Terms and Conditions

STUD STOCK - AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE: All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the Purchaser provided that the vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among the bidders for any lot, during or immediately after the sale of the lot, it shall be settled at the Auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.

2. The sale will be conducted on a “Sale” or “No Sale” basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the Vendor who will immediately after the fall of the hammer declares “Sale” or “No Sale”. Should the Vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the Vendor’s nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.

3. The details of the Purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the Auctioneer shall be equally binding on both Purchaser and Vendor.

4. The Auctioneer expressly reserves the right, without giving any reasons therefore, to:
(a) Refuse to acknowledge any bid;
(b) Withdraw any lot or lots before or during the sale;
© Exclude any person from the auction venue should it think fit.

5. Each lot in all cases shall be at the risk and expense of the Purchaser upon acceptance of his bid by the Vendor or upon acceptance of the highest bidders offer by the Vendor whichever shall be earlier.

6. Except as expressly provided in these terms and conditions of sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the Auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.

7. In the event of any dispute in respect to the sale of any lot:
(I)The Purchaser shall nevertheless be obliged to pay the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these terms and conditions;
(ii) The Vendor and the Purchaser shall resolve the dispute between themselves;
(iii) The Auctioneer shall have no liability or responsibility in regard to the dispute;
and (iv) No lot shall be returned to the Auctioneer and the Purchaser shall indemnify the Auctioneer for all costs, expenses and damages which the Auctioneer is put to or incurs by reason of the Purchaser so doing.

8. The name of the Vendor for whom the Auctioneer acts is acknowledged to have been furnished to purchasers prior to the sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any disputes the remedy of the purchaser shall be against the Vendor only and in no case or under any circumstances against the Auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.

9.(a) PAYMENT - Unless prior credit arrangements have been made in writing with the Auctioneer the full purchase price for each lot shall be due and payable to the Auctioneer in cash upon acceptance of the highest bid or the highest bidders offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated within 14 days of the date of sale the Auctioneer reserves the right to:-
(I)Rescind the contract on behalf of the vendor and repossess and resell any lot;
(ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA bill rate plus two percentum. For the purposes of this condition, the expression “the AMBA Bill rate” is the rate published by the Australian Merchant bankers Association in good faith as at the date of the sale as its bill rate for 180 day bills of exchange expressed as a percentage per annum. If at any time the AMNA Bill rate becomes unavailable for any reason, the Auctioneer shall determine and advise the purchaser of the interest rate to apply for the purposes of this condition. (b) The Auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the Auctioneer and be fully recoverable by the Auctioneer in its own name.

Terms and Conditions CONT.

10. If the Purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any Vendor or Purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The Purchasers, if any more than one, shall be jointly and severally bound by these terms and conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that persons bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or Auctioneer, provided however, that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be byway of guarantee.
14. The Auctioneer may, should it think fit, make arrangements on a Purchasers behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchasers risk and expense.
15.No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16.(a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the trade practices act or any applicable state legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these terms and conditions of sale, any express or implied condition, statement of warranty, statutory or otherwise, is hereby excluded. The Auctioneer is not liable in respect of any error, misdescriptions or omission in any particulars appearing or stated regarding the description of pedigrees of any lot offered for sale and no such error, misdescriptions or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
(b) Each lot will be sold subject to passing all veterinary tests required by the law of the state or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchasers expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert or remain with the vendor.
17. In these condition:- (a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;
(b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
(c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
(d) "Lot" shall be taken to mean the animal offered for sale and/ or sold by the Auctioneer on behalf of a Vendor.

IMPORTANT NOTICE
The selling agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy. All persons who attend the sale do so entirely at their risk and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.
