ABOUT *KARMOO BRAHMANS*

We run a purebred brahman herd of 1500 cows (stud and commercial) and have been breeding brahman cattle for over 40 years within our operation which we feel gives us a balanced and realistic commercial approach that is lacking in many stud operations. Our stud believes in watching breed trends but doesn't always "Follow the Crowd". Breeding a consistant, fertile female line that performs under any circumstance mother nature can throw at us is more important.

As breeders of commercial brahman cattle, governed by the genetics of our bull breeding operation, we are well aware of the profit drivers in the beef industry. From this we realise that a functional breeding herd maintaining high survival and calving rates is the main ingredient for profitability in a cattle enterprise. Our goal selection criteria revolves around making dollars within a commercial herd.

Main Yard at Karmoo

The core of the matter

Breeder performance and environmental adaptation is only achievable with functional cows that are able to maintain body condition to survive, lactate, cycle and fall pregnant, in our too often challenging environment. In our stud females, we believe that selection pressure must be harsh and anything that doesn't meet the standard is culled therefore allowing us to offer bulls to the client which provide genetic gain at their new homes.

The bulls we offer you are a product of these highly functional females. Over-preparing our bulls is not in our DNA, and we regularly face discrimination in the market place because of it. Too much time and effort is put into breeding our cattle to wreck them by overfeeding.

A gain without grain

Our auction bulls have had no feet trimming and minimal sale preparation on a soft mill run feed so as not to compromise their present or future health. This means that the bulls are not as visually impressive (lighter weights and lower scans) to the eye, as what you may see at most other sales. They don't need to be pampered when you get them home and are bred for breeding not for looking prime on sale day.

We ask our clients to lower your sale day assumptions but increase your long-term expectations of what the Karmoo Brahman Bulls can bring to your herd. We guarantee our bulls and if they don't perform to your standards, we need to know so the problem can be fixed. Both positive and negative feedback is always welcome as this feedback helps us refine our breeding program.

PROFITABILTY $$$

"We have purchased several bulls now over a couple of years and have been very happy with them. Since arriving they have never looked back which is an achievement given we mainly have spinifex country. They are quiet, easy to handle, good doers and are fertile. We are very happy with their offspring too. We would recommend them to others particularly those who have challenging country like ours".

Up-coming Sires for Karmoo

Viva Nevada

Nevada was purchased in 2018 for $20,000. He's a big, strong, dark grey sire of excellent pigment, a lot of length and heavy muscling. Good hump setting, a huge hindquarter, good skin and attractive softness of cover. All these attributes made the decision to purchase Nevada very easy. He has all the physical and genetic credentials to indicate he'll make a very positive impact in our Stud and produce strong sire sons.

Elmo Navajo 881/5

Purchased at RBWS 2017 for $22,000, Navajo is a polled sire that exhibits great bone, length, thickness, a tidy sheath and an exceptional temperament, attributes which are hard to find.

He is the last son of the now deceased Palmvale Zephyr, who's sons have all done outstanding jobs at Bungoona, Y3K, Barkly, Echo Creek, Gipsy Plains and Glenflorrie Brahmans. First sons of Navajo will be on offer in the 2021 Season.

1. The highest bidder shall, subject to Condition 2, be the Purchaser provided that the vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among the bidders for any lot, during or immediately after the sale of the lot, it shall be settled at the Auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.

2. The sale will be conducted on a “Sale” or “No Sale” basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the Vendor who will immediately after the fall of the hammer declares “Sale” or “No Sale”. Should the Vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the Vendor’s nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.

3. The details of the Purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the Auctioneer shall be equally binding on both Purchaser and Vendor.

4. The Auctioneer expressly reserves the right, without giving any reasons therefore, to:

(a) Refuse to acknowledge any bid;

(b) Withdraw any lot or lots before or during the sale;

© Exclude any person from the auction venue should it think fit.

5. Each lot in all cases shall be at the risk and expense of the Purchaser upon acceptance of his bid by the Vendor or upon acceptance of the highest bidders offer by the Vendor whichever shall be earlier.

6. Except as expressly provided in these terms and conditions of sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the Auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.

7. In the event of any dispute in respect to the sale of any lot:

(I)The Purchaser shall nevertheless be obliged to pay the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these terms and conditions;

9.(a) PAYMENT - Unless prior credit arrangements have been made in writing with the Auctioneer the full purchase price for each lot shall be due and payable to the Auctioneer in cash upon acceptance of the highest bid or the highest bidders offer by the vendor and prior to delivery.
