MAGS

Monty Atkinson Genetic Sale

WELCOME TO MAGS 2020

This year sees another strong and consistent line up of bulls being offered for your competition by our sale vendors Lamont, Mungalla and Valley. The draft is backed by some of the best genetics in the country, the majority of the bulls are polled or scurred and are backed by tremendous temperaments, weight for age with plenty length, style, breed character and bone.

2020 will see a change of direction for the MAGS Bull Sale with the Elders Queensland Stud Stock team working in conjunction with Elders Charters Towers to manage and conduct the sale. The Elders brand has been ingrained with rural Australia for over 180 years with a reputation for providing quality service to it's clients. It is very exciting to be associated with one of North Queensland's premier bull sales in MAGS who themselves have had a wonderful reputation for excellence and quality for a number of years.

With Ken Macaffrey moving towards retirement and standing down from duties, along with Geaney's Livestock from Charters Towers who have been instrumental with the progression and development of the MAGS sale over many years.

On behalf the vendors and the Elders team we thank Ken for all his efforts and wish him all the best for the future.

A big thank you must go to our sale sponsors for their support and commitment to MAGS in 2020, PVW Partners, Williams Stockfeeds, Allflex, Westpac Banking, Hillross, Fitton Insurance and Elders.

Whether this is your first time to the MAGS sale or you have been a long time buyer and supporter we wish you all the best with your prospective purchases and thank you for your support. The vendors believe in their product and are confident they will perform well for you.

Regards

Anthony Ball
Elders Stud Stock

MAGS

Lamont Stud

Mac & Gayle Shann are the principles of the Lamont Droughtmaster Stud, founded by Gayle's father, Alan Atkinson and named in honour of his father Monty Atkinson. Mac & Gayle moved to Cantaur Park in September 2000 and in doing so, took over management of Lamont Stud. Since its inception, the stud has grown considerably and now consists of approx 250 registered cows and about 700 commercial Droughtmaster breeders. Gayle, along with her 3 sisters, grew up at 'Valley of Lagoons' where her family played a huge part in the establishment of the Droughtmaster breed. Mac grew up at 'Myall Springs' where his family bred a quality herd of low grade brahman cows. Mac had always dreamt of breeding high quality stud cattle and particularly bulls and so it began. With both Mac & Gayle being passionate about cattle and particularly Droughtmasters, they put time into studying their breeders and their progeny. This has been aided by the use of DNA technology, as they SireTrace all registered calves, as well as all the herd bulls kept. This ensures correct parentage and identify traits certain bulls are throwing - good or bad within their herd and has been a beneficial tool within their stud to assist in making informed decisions. They prefer to run the breeders on marginal country to ensure they can handle these conditions and therefore their progeny should tolerate most areas throughout Queensland. Cows are culled that show a lack of doing ability and they elevate any cow which presents with a high constitution whilst still producing a quality weaner.

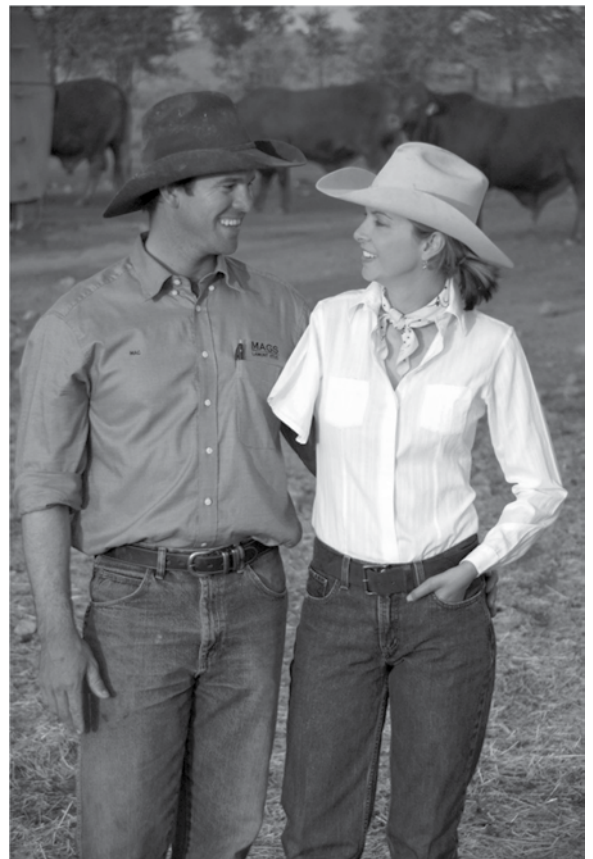

Around 100 bulls are sold per year and Mac & Gayle adopt a strict culling procedure along the way to ensure quality. As the bulls mature, they are scrutinized on traits such as structural soundness, sheath, bone, muscle, testicular size, fertility, temperament, weight for age and at the end of it all 'eye appeal'. With their strong belief in constitution, the bulls must also be good doers. After weaning the bulls are taught to eat pellets and if the season is tough, they will be helped along till a break in the season, but always running in a paddock situation. They are then turned out with no supplements until sale preparation begins, again in a paddock situation. They believe this process is necessary to prepare bulls for their future working life in the paddock. They have not gone down the path of EBV's as in their experience the correlation between good figures and quality cattle does not always add up. Lamont Stud sell bulls at 3 sales throughout the year. They take 4 or 5 sire prospects to the Droughtmaster National Sale in Rockhampton in September. They sell approx. 50 paddock bulls at their On-Property sale at the end of August each year and finally they take a strong run of 40 bulls or more to MAGS.

With reference to the Cross-breeding operation on Cantaur Park, a paddock of 200 Droughtmaster cows are mated to high quality Charolais bulls which produces an outstanding crossbred animal. The very best of these 1st cross bulls join their sale team and the remainder are extremely market suitable steers. The cross bred bulls have proven to be very popular and clients keep coming back for more. The heifers had always been terminal, but in recent years the best of the heifers join a small 2nd cross herd going back to high grade Droughtmaster bulls, (Droughtmaster/Brahman cross) and with their growing popularity, some of these heifers are now being sold as replacement heifers.

Mac and Gayle do not run a stud that delivers endless amounts of data, but they believe the product should speak for itself. They do believe in the physical traits of an animal, weight for age, bone, sound confirmation and scanning results of the bulls as well as fertility, temperament, doing ability and milking traits are all vital. The aim of Lamont Stud is to supply quality Stud and Commercial seedstock into the Australian Beef cattle industry. Mac & Gayle strive to deliver quality, focusing on soundness from the ground up. The goal is to have a herd that has a strong constitution which makes them as low maintenance as possible, but still delivering size, weight and dollars in the pocket of the producer.

Their greatest enjoyment with their cattle is presenting quality bulls for sale as well as exhibiting fat cattle at the highly competitive Clermont Fat Cattle show as well as Beef Week in Rockhampton, were they have enjoyed many successes.

Mac & Gayle stand behind their product and hope they can help your beef operation in some way.

MAGS

Mungalla Stud

Mungalla Stud is owned & managed by Kylie Graham & Mat Durkin and their two children Ally & Tom and is based 43km outside Taroom, QLD. Mungalla Stud has a long and famous history and was started by the breeds founder R.L.(Monty)Atkinson(Kylie's grandfather) and is a Foundation Stud of the Droughtmaster Society formed in 1952. From that time right through to its relocation in 2000, it was situated in the tropical region of Ingham, Far north QLD. For this reason, the Mungalla herd has a very strong emphasis in survival as the conditions in which the developing herd grew, where some of the harshest in Australia for successfully breeding cattle. Since the move to the more temperate area of Southern Central Queensland, Mungalla Stud has been able to expand the requirements of the herd to suit a wide range of markets including the southern markets as well as still servicing needs of the north and west.

The fundamental qualities of the Mungalla herd are a very strong emphasis on poll, temperament, fertility, structural soundness & performance, in that order, which are really an extension of Monty's vision for the Droughtmaster breed. The herd boasts 100% polled/scurred female line of around 350 commercial & 650 stud cows and has a very stringent culling policy on temperament especially. These females have medium to large frames and have exceptional fertility alongside the ability to perform in the most trying of seasons. The recent run of very dry years has affirmed that the fundamental survival abilities are still very strong in the genetic. Through 3 years of measuring as low as 5 inches of rain annually in a usual 27 inch rainfall area, the herd was able to maintained body condition & raise healthy calves easily and then get back in calf again early in the joining season. Unlike some other tropical breeds, Droughtmasters have a remarkable ability to perform in this way ensuring continued performance through the most trying of times.

The Mungalla herd has an exceptional performance record in meat quality and performance in feedlot & grass-fed situations. Their genetics are sought after as an ideal for crossbreeding herds where this is a high priority as well as the easy-care nature of the progeny. This may be attributed to the use of genetic testing, where meat tenderness & marbling along with feed efficiency are measured. All progeny of the stud herd are genetically tested and selected for desirable traits that are measured in our own in-herd system.

The Mungalla female line can be traced back to the origins of the breed with very little influence from other lines, therefore it is genetically powerful and when coupled with outside lines to boost the genetic pool, the impact is very significant. Thus, the selection of males is

very carefully considered and necessary with a herd this size from time to time. Mungalla Stud chooses to use mainly home bred bulls for continuity in type but when the right individuals present themselves, the stud will invested heavily in the best genetics available and are often the purchasers' of top priced bulls at the highest regarded sales in the industry.

Consistency at a high level is a main priority and every year the herd is improving at a rapid rate. Mungalla Stud continues to work quietly & diligently behind the scenes producing some of the best genetics available and aims to continue to supply the industry with superior genetics long into future and be at the forefront of the seedstock industry.

MAGS

Valley Stud

Valley Droughtmaster Stud was started by Alan Lamont Atkinson at Valley Of Lagoons located 4 hours north of Charters Towers in approximately 1961 along with a commercial herd of Droughtmasters. The stud and a portion of the commercial females were then passed onto us and is now based at Wyena Station located 2 hours north east of Clermont Qld.

Our breeding Program

At Wyena we focus on creating a highly functional cow of moderate size, not too big or too small with length being an essential trait. Efficient and productive females that produce a calf every year with a 12 week joining window from November to January. We also yearling mate our heifers at 13 to 15 months of age. Preg-testing is done in May each year when calves are weaned. The breeders then have approximately 3 months rest, until calving begins again in August. We find this is vital in our breeding program, to maintain an acceptable body score condition within our breeders, for return conception while lactating. The reproduction results of our breeders through these extremely inconsistent seasons is something we are very proud of.

Heifer Classing

All our heifers are individually classed into groups before calving begins each year when they are rising two year old's. This consists of a visual assessment of a number of things including skeletal shape for calving ease, length, head shape & teat placement. Also a physical assessment of skin and rib looking for thin oily skin and a flat or concave rib. And finally they are assessed for temperament. We end up with animals that have a wonderful temperament and mothering ability and very importantly they calve out easily and unassisted. In our herd, selecting for the strong fertility traits has removed the females that abandons their calf or can't have the calf unassisted. It is important that our females not only produce a calf every year but raise that calf to weaning and not fail somewhere along the way.

Bull Classing

This is done the same as the heifers at rising two year old, but also includes assessment of the Epididymis on the testicles. That way we are able to focus on bulls that have a better chance of long term use. We are also extremely focused on the sheath being of an acceptable standard. Temperament is always a selection factor.

Bull raising and Sale Preparation

After weaning our bulls are not feed assisted at all until the MAGS Sale preparation begins each year. We choose to not over feed our bulls for the purpose of producing healthier semen and Morphology and a hardy animal ready to work in any conditions.

With animal welfare being such a driving force in this modern era, it is incredible to think how far ahead of his time Alan Atkinson was. He has been selecting for the polled animal since the 1970's and this continues today.

We continue to believe in a process that is working for us.

We understand the tussle for muscle but firmly believe that length is strength.

MAGS

Monty Atkinson Genetic Sale

HEALTH

All bulls in this Sale have:

- passed crushside Veterinary Semen Testing;
- been vaccinated for 3 Day Sickness and with 7 in 1 vaccine;
- been blooded with 3 Germ Blood;
- undergone pre-Sale tick treatments to allow immediate Clearing Dip inspection for entry into tick-free areas.

In addition ALL BULLS HAVE BEEN SEMEN MORPHOLOGY TESTED.

PRE-SALE SUPPLEMENTARY SHEET BULL INFORMATION

A Supplementary Sheet detailing the weights, dentition, carcass scans and fertility data of all Sale Bulls will be available from Monday 9th November. It will be posted on the Sale website www.magsdroughtmasters.com.au. However please contact the Sale Agents and they can arrange to email or fax you these details direct if required.

PHOTOS

Photos of Sale bulls are printed in this catalogue for your viewing. **Further photos of Sale bulls will be updated on the Sale website www.magsdroughtmasters.com.au until Sale day.**

INSPECTION

Vendors welcome pre-Sale inspection of their Sale lots at any time. They are also happy to assist prior to the Sale, should you require any further information on individual lots.

All bulls will be penned and available for inspection at Dalrymple Saleyards, Charters Towers from 1pm on Thursday 12th November.

ACCOMMODATION

Sale Visitors requiring accommodation in Charters Towers should contact Elder's office 07 4754 5700 and they can make suitable accommodation bookings for you.

DELIVERY

Vendors and Sale Agents will undertake to co-ordinate the most safe and cost effective delivery of Lots for all purchasers. Please complete your Buyer's Instruction Sheet fully and hand it to the Sale office when you have completed your purchasing.

INSURANCE

We recommend that Bull Buyers today insure their purchases from this Sale immediately from the "Fall of the Hammer". Cover ranging from Transit and 30 Days Mortality to full 12 months comprehensive cover can be arranged immediately with our insurance representative at the Sale today.

INTRODUCING SALE VIEWING & BIDDING – LIVE ONLINE

Whether you are at the MAGS Auction Sale at Dalrymple Saleyards in person, or anywhere else in the World, you can participate in the Sale LIVE ONLINE. From your desktop computer, laptop, tablet or smartphone your access to LIVE VIEWING and LIVE BIDDING is simple, safe and easy to use. See Page 4 for an 'easy to follow', step by step process to participate on Elite Livestock Auctions' proven platform.

All Welcome

MAGS PRE SALE MEET & GREET
Thursday Night 12th November
Waverly Hotel Charters Towers

We are pleased to invite you for a pre sale Meet & Greet the night before Sale Day.
Just roll up from 6:30pm.

We suggest you come to Charters Towers on Thursday afternoon, inspect the Sale team.

MAGS VOLUME BUYERS BULL REBATE

Individual Buyers Purchasing:

- 6 to 10 bulls receive a Rebate of
\$110* per bull *inc gst.
- 11 bulls and over receive a Rebate of
\$110* per bull (1st 10 bulls) then **\$165* per bull** (11th bull onwards). *inc gst.

It doesn't matter if you live next door to the Dalrymple Saleyards or further afield, the significant MAGS Volume Buyers Rebate commences when you buy your 6th bull and grows with further purchases.

FREE DELIVERY will be available to Cloncurry and Emerald, along with selected designated drop of points on route to these destinations.

W.A. ELIGIBILITY

The Vendor Studs advise that they have undertaken testing compliance so all bulls in the Sale are eligible for entry into Western Australia.

HOW TO REGISTER with ELITE LIVESTOCK AUCTIONS

Welcome to the new age of selling livestock in Australia and "Happy Bidding"

-  1 Simply go to www.elitelivestockauctions.com.au using your desktop, laptop, iPad, iPhone or android device
-  2 Click on the "Sign Up" page / link
-  3 Create a bidding profile using the bidder registration page.
(You can either register as a livestock agent, company or private buyer.)
-  4 Agree to the Elite livestock Auctions Terms & Conditions and the Selling Agents Sale Terms & Conditions as printed in the official Sale Catalogue
-  5 Click "Register"
-  6 You will then be notified by email that an account has been created

-  7 Once an account has been created you are all "Set to Bid"
-  8 Each auction can then be viewed by clicking "Live Auction" logo on the Elite Livestock Auctions website
-  9 Once you receive email notification that your account has been created please go to the sale you wish to bid at and click "Request to Bid"
-  10 The sale agents will then approve your application to bid and on the sale catalogue you will see "✓ Bid Request Approved"
-  11 On Sale day simply login, click "Enter Auction" on the catalogue page and you can start bidding.
(There is no need for software download)
-  12 At the completion of the auction, invoicing will be carried out as per your registration details by the Selling Agents.

First release ever of Billabong Hendrix was the 2019 Droughtmaster National Sale Topper and Top Priced Droughtmaster for the year at \$100,000.

His sale day stats are impressive on their own: 24 months old-908kg, 14/8, 144cm eye muscle area.

But it is his exceptional temperament, structure, volume, length and overall sire appeal which makes him stand out from the rest. He moves effortlessly and has held his condition very well through adverse seasons. His fertility is outstanding, both in the collection centre and the paddock.

His first drop of calves are on the ground and looking fantastic!

Top priced Droughtmaster bull 2017 at \$135,000.

As Dundee's first crop of sons go under the hammer we are proud to offer semen on the open market. His 2 sons avg \$16,500 at the 2020 DN Sale and has an impressive line-up for MAGS.

Oasis Dundee has grown in to a magnificent mature animal weighing in at 1115kg off grass. He carry's a huge amount of flesh on great bone. His heifers are stunning and all progeny have his impeccable temperament.

The semen package comes with 10 straws and 10 registrations, with extra regos available for E/Tor IVF. additional regos will be determined on a price negotiated by vendor and purchaser.

DROUGHTMASTER COW

An impressive young sire with a lovely nature, strong head, square hindquarter with ample smoothness and softness. There are many attributes to this young bull that would be beneficial in many herds.

STUD STOCK — AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE: All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the Purchaser provided that the Vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among the bidders for any lot, during or immediately after the sale of the lot, it shall be settled at the Auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.
 2. The sale will be conducted on a "Sale" or "No Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the Vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale". Should the Vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the Vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
 3. The details of the Purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the Auctioneer shall be equally binding on both Purchaser and Vendor.
 4. The Auctioneer expressly reserves the right, without giving any reasons therefore, to:
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
 5. Each lot in all cases shall be at the risk and expense of the Purchaser upon acceptance of his bid by the Vendor or upon acceptance of the highest bidder's offer by the Vendor whichever shall be the earlier.
 6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the Vendor or by the Auctioneer acting as agent for the Vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
 7. In the event of any dispute in respect to the sale of any lot:
 - (i) The Purchaser shall nevertheless be obliged to pay to the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these terms and conditions;
 - (ii) The Vendor and the Purchaser shall resolve the dispute between themselves;
 - (iii) The Auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the Auctioneer and the Purchaser shall indemnify the Auctioneer for all costs, expenses and damages which the Auctioneer is put to or incurs by reason of the Purchaser so doing.
 8. The name of the Vendor for whom the Auctioneer acts is acknowledged to have been furnished to Purchasers prior to the sale and further particulars will in all cases be furnished to a Purchaser if required. In the case of any disputes the remedy of the Purchaser shall be against the Vendor only and in no case or under any circumstances against the Auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
 9. (a) PAYMENT – Unless prior credit arrangements have been made in writing with the Auctioneer the full purchase price for each lot shall be due and payable to the Auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the Vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the Purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the Purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the Auctioneer reserves the right to:-
 - (i) Rescind the contract on behalf of the Vendor and repossess and resell any lot;
 - (ii) Recover from the Purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate plus two percentum. For the purposes of this condition, the expression "the AMBA Bill Rate" is the rate published by the Australian Merchant Bankers Association in good faith as at the date of the sale as its bill rate for 180 day bills of exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the Auctioneer shall determine and advise the Purchaser of the interest rate to apply for the purposes of this condition.
 - (b) The Auctioneer is selling as the del credere agent of the Vendor and the full purchase price of any lot sold shall be payable by the Purchaser to the Auctioneer and be fully recoverable by the Auctioneer in its own name.
10. If the Purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former Purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any Vendor or Purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The Purchasers, if any more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the Vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the Vendor or Auctioneer, provided however, that this Condition shall not in any way negate the Vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
14. The Auctioneer may, should it think fit, make arrangements on a Purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the Auctioneer and all such service will be at the Purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the Purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement of warranty, statutory or otherwise, is hereby excluded. The Auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the description of pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the Purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the state or country to which the Purchaser intends to transport that particular lot, such tests to be undertaken at the Purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the Purchaser shall be refunded and property in the lot shall revert to or remain with the Vendor.
17. Guarantees of Fertility:—
 - (1) BULLS - Save and except for calves at foot, all bulls are guaranteed breeders and to so prove by the later of:
 - (a) six months after the date of sale or
 - (b) the animal reaching the age of 24 months
 - (2) FEMALES - Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf by the later of:
 - (a) 6 months of the date of sale
 - (b) the animal reaching the age of 30 monthsA positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
 - (3) Claims under Clauses 17(1) and 17(2). A claim that an animal has failed to satisfy a guarantee of fertility under Clause 17(1) or 17(2) must be made to the Vendor within the relevant guarantee period but prior to the animal entering a quarantine area other than on the Vendor's property.
 - (a) All claims must be accompanied by a certificate from a registered veterinarian surgeon in accordance with the guidelines established by the Australian Association of Cattle Veterinarians which must clearly identify the basis of the claim.
 - (b) Subject to Clause 17(9), infertility resulting from injury or disease occurring after the sale of the animal is not covered by this guarantee.
 - (c) The Vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. If the animal proves fertile within the period such status must be confirmed by a certificate issued by a registered veterinary surgeon in accordance with the guideline established by the Australian Association of Cattle Veterinarians and costs incurred must be borne by the Purchaser. If the animal is not proven fertile within the period, the costs incurred must be borne by the Vendor.
 - (4) LIABILITY OF A VENDOR - Except for costs defined elsewhere in the conditions of sale, the liability of a Vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or provide mutually agreed upon replacement animal(s).
 - (5) In the event of a claim being substantiated:
 - (a) The purchase price shall be refunded within 14 days unless a mutually agreed upon replacement animal has been provided.
 - (b) The animal/s which are the subject of the claim and any stocks of stored semen shall automatically become the property of the Vendor and be returned to him or disposed of according to his instruction at his expense.
 - (6) Subject to Clause 17(9), this guarantee is of no effect if:
 - (a) The animal is returned to the Vendor.
 - (i) In poor physical condition or with any injury;
 - (ii) Tests carried out on behalf of the Vendor within fourteen days of such return proved positive to any diseases which may affect the animal's fertility or ability to breed naturally; or
 - (b) The Purchaser has collected and stored embryos from a female.
 - (7) In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the Vendor and the Purchaser. The Auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. If an animal is alleged or proved not to be a breeder, the Purchaser must nevertheless pay the Auctioneer the full purchase price and any other monies or interest payable by the Purchaser in accordance with these Terms and Conditions.
 - (8) EVIDENCE OF FERTILITY – A Certificate issued by a registered veterinary surgeon at or before the time of sale than an animal is fertile (unless it is a certificate stating in respect of a female that she is in calf at the time of sale) does not, of itself, satisfy or discharge the Vendor's obligations under the guarantee of fertility given under this Clause 17. All animals, except calves at foot, must prove their fertility within the relevant guarantee period.
 - (9) RELIEF FROM GUARANTEE – If the Vendor seeks to be relieved from the obligations which would otherwise be imposed upon him by this clause by virtue of Clauses 17(3)(b) or 17(6)(a), the onus of proof is upon the Vendor to establish that:
 - (a) The animal suffered the injury or disease or is in poor physical condition due to circumstances and events occurring after the sale, and
 - (b) The injury, disease of physical condition is the sole cause of the animal's infertility or failure to prove fertility within the guarantee period.
 - (10) DEFINITION – For the purpose of this Clause 17, the expression "guarantee period" means:
 - (a) in relation to bulls – the period specified in Clause 17(1) as being the period in which the bull must prove his fertility; and
 - (b) in relation to females – the period specified in Clause 17(2) as being the period in which the female must go into calf.
 - (11) Each lot shall be at the risk of the Vendor in respect of any damage or injury, whether by disease, accident or otherwise, or whether caused by the negligence of the Auctioneer for the period that the lot be in the custody of the Auctioneer, unless such lots shall have been sold in which latter case such lot shall be at the risk of the Purchaser in all such respects.
 - (b) If any Vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that Vendor shall be liable for all injury, damages, costs, losses or expenses which the Auctioneer may sustain, incur or be put to either directly or indirectly as a result of the Vendor so doing. The Auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
 19. DELIVERY — Except at the discretion of the Auctioneer no lot shall be delivered to the Purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the Auctioneer pursuant to Condition 14 hereof, is first made by the Purchaser to the Auctioneer. Release of lots may be withheld by the Auctioneer until personal cheques are cleared.
 20. In these Conditions:—
 - (a) References to "Auctioneer" shall be taken to mean as the context so admits, the Selling Agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the Vendor to conduct the sale of the lot;
 - (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
 - (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
 - (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the Auctioneer on behalf of a Vendor.

IMPORTANT NOTICE

The Selling Agent, its members, subsidiary or related corporations, officers, agents, and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy.

All persons who attend the Sale do so entirely at their risk and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.
